INTERESTING ROAD MEETING.

Calloway Citizens Are Taking Active Interest in the "Jefferson Davis Way."

The mass meeting called for last Saturday at the court house was well attended by representative citizens of the county. The object of the meeting was to discuss the most feasible route for the construction of the "Jefferson Davis Way" through this county. After the meeting was convened and its object stated Judge Patterson was elected to preside and W. O. Wear was made the secretary.

A general discussion was had and after the proposed routes were suggested committees were appointed to solicit funds from different sections of the county and through which the road will pass. It is generally agreed that the citizens along the different routes proposed will secure the great highway. The two routes from Murray to the river are via Eggers ferry and Calloway town, and from Murray to the Graves county line via Coldwater and Brown's Grove-Linn Grove—Murray Ledger.

TWO ADDRESSES

To Be Delivered at Ninth Street Christian Church by Mrs. Atwater.

She Will Speak Tomorrow Morning at 10:45 And at 7 O'clock at Night.

Among the missionary leaders of the Disciples none, with the exception of President McLean who was here on last Thursday in a great rally, is better known than Mrs. Anna R. Atwater, the President of the Christian Woman's Board of Missions. The Ninth St. Christian church counts itself most fortunate in having secured her for two addresses. She will speak in the morning, tomorrow at 10:45 o'clock, and again at night at 7 o'clock. She comes here under the auspices of the several societies of the Ninth St. church which are auxiliary to her Board. There are auxiliaries No. 1 and No. 2, the Young Ladies Missionary Circle and the Memorial Mission Band. She comes to speak however not to women only but to the church as a whole and in response to the urgent invitation of the pastor as well as to that of the ladies of these societies. Mrs. Atwater is not only an efficient chief executive officer in an organization that raises and expends hundreds of thousands of dollars yearly but she is also a speaker of skill and force who has informed and inspired with her voice many great assemblies. All are cordially invited to hear her.

BRIDGE MEN

Are Now at Work on Second Street Bridge.

The concrete piers of the Second street bridge were finished yesterday. The two main piers were finished last week. The Vincennes Bridge Co. which has the contract to erect the iron bridge, has a construction crew at work and the main span will be put up early next week and the approaches will follow in a few days thereafter. The dam under the bridge is complete except the iron floodgate, which is yet to be put in. The opening in the dam will not be closed until the work is done. A force of hands is now engaged in cleaning out obstructions in the river channel, which will be filled with water in a few weeks.
